OPERATORS AND MINERS AGREE

Differences Settled and Papers Signed.

MINERS IN DISTRICT NO. 23

Get 6.06 Per Cent. Increase—The Contract to Last Two Years.

Differences between the Western Kentucky coal operators and the United Mine Workers in district No. 23 were settled at Louisville Saturday night. An agreement was signed by representatives of both sides at The Seelbach at 9 o'clock, whereby the miners will receive an increase in pick mining from 82½ cents per ton to 87½ cents, and an increase of 6.06 per cent. on all other wages, both inside and outside the mines. Conferences were held throughout the day. The members of the joint sub-scale committee who went to Pittsburgh to confer with T. L. Lewis, president of the United Mine Workers returned to Louisville Saturday morning. The members of this committee were: F. P. Wright, Hywel Davies, M. M. Bardwell, C. W. Taylor and C. D. M. Greer, representing the operators, and George Baker, Robert M. Roll and W. O. Smith, representing the miners.

Following the arrival of the joint sub-scale committee, the operators met in executive session at the Louisville Hotel, where the articles of agreement were drawn up. At 1:30 o'clock a meeting of the joint sub-scale committee was held at The Seelbach. The representatives of the miners then took the proposition to the miners who were in session at the city hall. The agreement was turned down and returned to the operators.

At 7:30 o'clock Saturday night the operators returned the same articles of agreement to the miners, in convention at the city hall. An hour later Stewart Miller, commissioner and secretary of the Western Kentucky Coal Operators' Association, was informed through Robert M. Roll, president of District U. M. W. of A., and George Baker, member of the national executive board, that the miners had accepted the proposition of the operators and in convention assembled had authorized the district officers to sign the agreement. The paper was thereupon signed by President Roll and Mr. Baker, representatives of the miners, and the following officers of the Western Kentucky Coal Operators' Association: I. P. Barnard, president, F. P. Wright, vice president, and D. Stewart Miller, commissioner and secretary. The miners will be paid on the agreement scale of wages from April 1. The contract continues in force until March 31, 1912.

Capt. Sandusky Dead.

Capt. W. H. Sandusky died at Horse Branch early last Saturday morning. His death was the result of a stroke of paralysis he suffered about a year ago. When he retired to his room in the Sandusky Inn Friday night he said he felt better than usual, but he died before day.

Capt. Sandusky was a popular hotel man, and was as well known to the traveling public as any hotel man in the State. He first engaged in the hotel business at Central City many years ago. Later he engaged in the same business at Horse Branch, Ky. and Cairo, Ill., and the Sandusky hotels were all popular with the traveling public.

In earlier life he was a steamboat pilot, and later a railroad engineer.

He leaves a wife and one daughter, Geneva. The funeral took place Sunday afternoon at Central City, and the interment was in Fairmount cemetery. He was a colonel in the uniform rank Knights of Pythias and the Knights of Pythias had charge of the funeral.

Coming—"St. Elmo."

At Dr. Bean's Opera House, Hartford, to-morrow (Thursday) night, Robert Robinson will present one of the greatest play successes in years, "St. Elmo," with Catherine Hadley as leading lady and a great cast. The performance is for one night only.

The production is handsomely staged, great care being taken by the management to give the proper scenic effects. It is a remarkable play, intense and replete with original comedy. The climaxes reach a display of realism seldom seen. The gowns worn by Miss Hadley are models of the dressmakers' art and were made by Hayden, of New York. It was a stroke of good luck that Dr. Bean secured this splendid company and indications point to a crowded house.

Remember the date—Thursday night, April 21. Reserved seats 50c, general admission 35c, children 25c. Tickets now on sale at Dr. Bean's drug store, Union street.

OHIO COUNTY UNION MEETS

Best Session Held in a Long While.

MUCH BUSINESS TRANSACTED

And Various Reports Show a Thriving Condition of the Society.

The Ohio County Union of the American Society of Equity held in Hartford, April 1st and 2nd was, taking everything into consideration, one of the very best that has ever been held in the county. There was not an exceptionally large attendance, but everything was business-like from the very beginning. A revision of the list of locals showed forty or more active locals in the county. The membership of these will probably show considerable increase over last year, and this number is several more locals than we had in the county during that time. In fact, reports have already shown that several locals have been revived during this year. No tendency to the extreme was shown in the deliberations of the meetings and a business-like spirit prevailed during its entire session.

The report of the Stock Committee showed that a greater degree of success had been attained in the shipment of stock during the past few months than at any other time in its history. The farmers of the county are to be congratulated upon being permitted the services of such eminently qualified men as are serving on the Stock Committee.

A poultry department was organized with much enthusiasm and this was also placed in the hands of the efficient stock committee.

The report of the Treasurer showed that the expenditures for the year had been kept within the bounds of the income, notwithstanding the fact that three graders were employed during the recent tobacco deliveries instead of one as heretofore.

The report of the Telephone Committee showed that Articles of Incorporation have been drafted, executed and recorded in the office of the County Clerk and Secretary of State and the company is now in position to do business on a legitimate basis. It also showed that considerable advancement has been made in the way of establishing new lines and exchanges in the county.

Strong resolutions with a ring of business in each word were adopted. The United Mine Workers of America were endorsed in their attempt to procure better compensation for their labors than at present.

County Organizer, E. W. Jackson reported that he and President S. L. Stevens had traveled over different portions of the county in the interest of the organization and that considerable advancement had been made in the matter of reorganizing old and organizing new locals and that in the near future there was splendid prospects for greater advancement along this line.

There will be delegations present from the Cromwell and Rochester Tents, and the event no doubt will be one long to be remembered. Acme Lodge No. 339, I. O. O. F., will celebrate the anniversary of the founding of the order Tuesday afternoon, April 26th. An interesting program has been arranged and the lady relatives of the members will be invited to attend.

Rough River Lodge No. 110 Knights of Pythias, gave the Page Rank to

four candidates Tuesday evening and the Esquire Rank to two Pages. One application for membership was received and four petitioners were elected. The delegates who attended the convention at Central City reported a splendid meeting and are profuse in their compliments for the Central City Lodge in the way she entertained her visitors. Knight John B. Wilson, of Rough River Dodge, was re-elected District Deputy for the ensuing year without opposition. Knight Wilson has made a splendid record and we predict for him still higher honors in the order.
